LUNCH

There are a large number of options within a 4- or 5-block radius of the hotel, both aboveground and within the underground PATH* system. The neighbourhood has more options than you can count; hot dog carts at City Hall; food courts at the Eaton Centre and throughout the PATH; fast food chain outlets; smaller ethnic restaurants on Queen St. W.; and upscale restaurants for the business crowd. Please note that some restaurants are only open for breakfast and/or lunch and are closed at dinner when the office workers head home.

This is not a comprehensive list – you may want to check out Yelp or Google maps for other suggestions. It also does not include food choices in the PATH as they are harder to find based on their street address.

*The PATH system is an underground shopping mall running 30 km under the downtown office towers, offering a wide range of restaurants, shopping and services. It can be entered from the Hilton Hotel lobby, allowing access to it without going outside. However, navigation can be tricky for visitors as signage is not ideal and it's a bit of a maze, so it's best to refer to a map or better yet, download the Pathmap app from the app store.

Please note that most stores, restaurants and services in the PATH close by 6pm as they primarily serve the employees that work in the office towers above them.
